DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The subject matter within the present Application (10/540060), of using illumination with a coaxial camera to determine a difference in luminance between the pupil region and the iris region is allowable subject matter. This subject matter is allowable over prior art's such as Patent 6,134,339, which teaches Prior Art Patent No. 5,231,674 which creates a "bright-eye effect" by illuminating the user's eye, so as to increase the contrast ratio between the pupil and its surrounding iris (col. 2, line 47 to col. 3, line 10). However this invention is used for eye tracking and as noted that this method and apparatus "assumes known eye location and eye size," which teaches away from knowing if the eye itself is a living eye or not. Also, there is no reason one of ordinary skill in the art would use this invention to determine if an eye is living or not, since a pupil needs to be found for eye tracking. Another closely related Prior Art is Pat. No. 6,785,406 B1, which teaches using varying brightness to illuminate an eye to test for eye contraction, where if the eye contracts the subject is a living body (col. 7, lines 29-38). The Prior art does not teach using the difference in luminance between the pupil and iris, but however uses pupil diameter. As stated by the Applicant in the present application it is "difficult to detect the variation in pupil

Art Unit: 2624

diameter to sufficiently accurate degree, ([0129])” and thus uses the difference in luminance for a more accurate and precise determination if there is a living eye or not. The Examiner also would like to point out that one of ordinary skill in the art would see no motivation for combining the above Prior Art references since Prior Art Patent No. 5,231,674 assumes a pupil for eye tracking. Thus, the present application is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MICHAEL VANCHY JR whose telephone number is (571)270-1193. The examiner can normally be reached on Monday - Friday 8:30 am - 5:00 pm.
